

Hvorfor og hvordan vedligeholde et bibliotek af sikkerhedsdatablade?

Hvad er en Materialverneblad-binder?

Det, der tidligere blev kaldt Materialverneblad-Binder, kaldes nu typisk Sikkerhedsdatablad-Binder, fordi termen Materialverneblad er blevet erstattet af termen Sikkerhedsdatablad.

Det kaldes en Sikkerhedsdatablad-Binder, fordi det er en papirkopi af alle Sikkerhedsdatablader, der er sat i en binder.

Med SDS Manager kan du oprette en Sikkerhedsdatablad-Binder-fil, der indeholder alle Sikkerhedsdatablader for en lokation ved at vælge "Generer Sikkerhedsdatablad Binder", som vist på nedenstående billede.

Før 2019 var det et krav, at Sikkerhedsdatablader blev udskrevet på papir. Nu er online adgang til Sikkerhedsdatablader tilladt.

The screenshot shows the SDS Manager interface. On the left is a sidebar with navigation options: Dashboard, All my SDSs, My locations, Manage SDS Library (highlighted with a red box), Add location, Import status, SDS requests, and Archive. The main content area displays the 'SDS Library for Company H > SDSes'. It includes a search bar, filter buttons (General, Hazard, Rev), and a table of SDS entries. A red box highlights the three-dot menu icon in the top right corner of the main content area. A red arrow points from this icon to the 'Generate SDS Binder' option in the dropdown menu. The table lists SDS entries with columns for Product Name, Supplier Name, Location, Signal, and Danger. The first entry is 'A-100 Exterior Acrylic Latex Flat MOCS Anti-Graffiti Grey' by 'THE SHERWIN-WILLIAMS COMPANY' located at 'SDSes' with a 'Danger' signal. The second entry is 'Acetone' by 'THE SHERWIN-WILLIAMS COMPANY' located at 'SDSes' with a 'Danger' signal and a 'N/A' value in the last column.

Nedenfor er et eksempel på indeks-siden af en Materialverneblad-Binder oprettet ved hjælp af SDS Manager.

Indekset i Sikkerhedsdatablad-Binder-filen viser alle Sikkerhedsdatablader i binder-filen, herunder signalord og piktogrammer samt PPE-ikoner fundet i Sikkerhedsdatablade. For at få adgang til et Sikkerhedsdatablad åbner brugeren blot Sikkerhedsdatablad Binder PDF-filen i en PDF-læser og klikker på sidenummeret, som vist på nedenstående billede.

Hvorfor og hvordan vedligeholde et bibliotek af sikkerhedsdatablade?

Binder: Test Corporation Inc.

#	Product Name	Signal Word	Pictograms & Controls	Page
1	Clorox Cream Cleaner	Warning		3
2	Clorox Disinfecting Bleach	Danger		18
3	IPA	Fare		25
4	Isopropanol	Fare		31
5	KOLORSAFE DRY BASE NEUTRALIZER	Warning		44
6	Oxygen (0.0015-19.49%), Methane (0.0005-2.5%), Carbon Monoxide (0.001-0.09%), Hydrogen	Warning		63
7	Piccolo Reagent D			75
8	UNISSET 621-PART 2	Danger		82

A click on the page number will move binder to the Safety Data Sheet

PDF-læseren vil bevæge sig til den side, du klikker på (82 i dette eksempel), hvor Sikkerhedsdatabladet findes i Sikkerhedsdatablad-Binder-filen.

Hvorfor og hvordan vedligeholde et bibliotek af sikkerhedsdatablade?

UNISET 621-PART 2

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations
Date of Issue: 5/14/2015 Revision date: 4/22/2022 Version: 1.4

SECTION 1: Identification

1.1. Identification

Product form : Mixture
Product name : UNISET 621-PART 2
Product code : 94080
Other means of identification : Polymeric MDI In Aromatic Solvent

1.2. Recommended use and restrictions on use

Use of the substance/mixture : Urethane No-Bake Binder, Part 2

1.3. Supplier

United Erie - Division of Alpent II, Inc.
1432 Chestnut Street
Erie, PA, United States, 16502
United States
T 1-800-377-7561 - F 1-814-454-8996
herm-eh@sinterstatechemical.com - www.unitederie.com

1.4. Emergency telephone number

Emergency number : For 24-Hour Emergency Information Call Chemtrec: +1 (800) 424-9300

SECTION 2: Hazard(s) identification

2.1. Classification of the substance or mixture

GHS US classification

Flammable liquids Category 4	H227	Combustible liquid
Skin corrosion/irritation Category 2	H315	Causes skin irritation
Serious eye damage/eye irritation Category 2A	H319	Causes serious eye irritation
Respiratory sensitization, Category 1	H334	May cause allergy or asthma symptoms or breathing difficulties if inhaled
Skin sensitization, Category 1	H317	May cause an allergic skin reaction
Carcinogenicity Category 2	H351	Suspected of causing cancer
Specific target organ toxicity (single exposure) Category 3	H335	May cause respiratory irritation
Specific target organ toxicity (repeated exposure) Category 2	H373	May cause damage to organs through prolonged or repeated exposure

Full text of H statements : see section 16

2.2. GHS Label elements, including precautionary statements

GHS US labelling

Hazard pictograms (GHS-US)

Signal word (GHS-US)

: Danger

Hazard statements (GHS-US)

: H227 - Combustible liquid
H315 - Causes skin irritation
H317 - May cause an allergic skin reaction
H319 - Causes serious eye irritation
H334 - May cause allergy or asthma symptoms or breathing difficulties if inhaled
