

Daglig brug

Hvordan kan jeg spore kemikaliebrug og bortskaffelse og rapportere til EPA?

Den mest effektive metode for medarbejdere til at registrere brugen er at scanne QR-koder på sekundære beholdermærkater.

Mærkaterne har QR-koder, der giver brugeren mulighed for at scanne og registrere ankomst af nyt materiale, brug eller bortskaffelse.

Som standard viser mærkaterne ikke QR-koder til sporing af kemikaliebrug.

For at vise QR-koder til sporing af kemikaliebrug, skal du aktivere det på [Indstillingssiden](#) (kræver login).

Settings

SDS Approval functionality

Show chemical tracking QR code on labels. Allow recording of chemical usage using QR codes

Automatically update SDS to new versions

Employee SDS search: Show search result from global database if

SDS is not found in Company SDS library

Default imported PDF files to Private

SDS Manager giver mulighed for at spore køb af nye kemikalier, brug (1) og bortskaffelse (2). Brugere kan også flytte kemikaliebeløb til en anden lokation, typisk når en stor beholder opdeles i flere beholdere til distribution til andre lokationer.

Rapporter kan laves til lovgivningsmæssig rapportering baseret på de registrerede oplysninger.
