

# Daglig brug

## Hvilke formater for sekundære containeretiketter understøttes?

Følgende amerikanske formater understøttes:

The screenshot shows the SDS Manager interface. On the left, a dropdown menu is open, displaying a list of label formats: A4 (8.5"x11"), A5 (5.5"x8.5"), A6 (4"x6"), A7 (3"x4"), 2"x4", A8 (2"x3"), A9 (1.5"x2"), 1"x2", and A10 (1"x1.5"). The A4 (8.5"x11") option is highlighted with a red border. On the right, a preview of a label for "3-D Laserscanning Cleaner Spray" is shown. The label includes the company name "Helling GmbH", signal word "Danger", hazard statements (H222, H229, H319, H336), precautionary statements (P102, P210, P211, P251, P271, P305+P351+P338, P410+P412), ingredients (Isopropanol, Butane, Propane), and supplier information. The label also features two QR codes for "View PDF" and "Track Usage".

Når mindre formater vælges, vises mindre information på etiketten på grund af størrelsesbegrænsninger. Nedenfor er et eksempel på en 2" etiket, der kan udskrives på en Dymo klistermærkprinter.
