Why choose SDS Manager

What industries are SDS Manager covering?

SDS Manager covers all industries, from healthcare and engineering to government organizations, manufacturing and farming. Every organization that uses hazardous chemicals needs Safety Data Sheets (SDSs), and SDS Manager works the same way for all of them.

Our database has 30 million+ SDSs from more than 200,000 suppliers, in more than 40 languages. New SDSs and new revisions are added continuously: 20,000 new SDSs are added every week. When we find a new revision of an SDS in your library, SDS Manager tells you.

You can search the database for free, without an account: sdsmanager.com/search.

Is an SDS you need not in the database? Read more: SDS Requests - What do I do if an SDS I need is not in the SDS Manager's database?
