Getting Started with SDS Manager

Go live checklist

Before you prepare for Go live of your new SDS library, you must <u>add Safety Data Sheets to your library</u>

All below links require that you log into your SDS Manager account

- Check that your SDSs are on lastest version.
- Check the QR code
- Add a link to your SDS library on your intranet. More info
- Start your SDS Manager subscription.
- Print QR code posters and post them where chemicals are used.
- Send info email to your employees.
