User manual for "Manage SDS Updates" - see how you can upgrade SDSs to the latest version.

New revisions of SDSs are issued every 1 to 3 years.

New revisions are issued because of new regulatory requirements, corrections or new discoveries by the suppliers. Users of chemicals are required to have the latest version of the SDS in their library.

SDS Manager are continuously crawling thousands of supplier websites for new revisions of safety data sheets and add them to our database.

When you use SDS manager, you will be alerted when we find new versions of SDSs in your library. In the header bar of SDS Manager, you will see the alert icon showing the number of outdated SDSs you have in your library. In the example below, we have 35 outdated SDSs that need to be updated.

Getting Started with the Vendor Request Feature

1. Vendor Email List

On this page, you'll see a list of all vendors associated with your Safety Data Sheets (SDSs). Vendors are automatically sorted by the number of active SDSs. You can also sort them alphabetically by:

- Supplier Name (you're required to enter the email address for vendors yourself)
- Vendor Email

数 数	3M Company	service@3m.com	51	English	
A	Rust-Oleum Corporation	technical@rustoleum.co.nz	50	English	

2. Request Updated SDSs

This page displays a list of vendors along with the number of SDSs eligible for an update request. Click on the details option (see screenshot below) to view which SDSs are included and select which SDSs to request newer versions for.

The eligibility is determined by the **Revision Date Threshold**, which defaults to: **SDS Revision Date** \leq (Current Year - 3)

3. Vendor Responses

This page lists all responses received from vendors regarding your SDS requests.

Each response includes:

- The SDSs you requested
- Any updated SDSs provided
- The full message received from the vendor

If we receive updated SDS files:

• They will be automatically extracted and matched to the corresponding older version.

© 2025 SDS Manager <eb@aston.no> | 2025-08-17 05:51 URL: https://sdsmanager.com/faq/content/26/375/en/user-manual-for-manage-sds-updates-_-see-how-you-can-upgrade-sdss-to-the-latest-version/

- If an SDS is **not** automatically matched, you can:
 - Go to the "SDSs where newer version exists" page to manually review and upgrade it
 - Or, download the files directly from the email and replace the SDS manually (prefer to the screenshot below)
