SDS Authoring - how to upload an SDS file

To access an uploaded SDS file in the Authoring tool, you first have to upload the SDS file using [SDS Inventory manager \(Require login\)](#)-

The screenshot shows the 'SDS Inventory manager' web application. The browser address bar displays 'inventory.sdsmanager.com/global-sds-search'. The page header includes a navigation menu with icons for Home, SDS, Locations, and a search icon. The main content area is titled 'Search for Safety Data Sheet in our database of 13Million+ Safety Data Sheets'. It features a search bar with the placeholder text 'Product, Supplier, CAS#, UFI#, EU No.' and a magnifying glass icon. To the right of the search bar is an 'Advanced search' button. Below the search bar, there is a 'Recently added' section displaying three items: 'STP Engine Oil Stop Leak + No Smoke' (Building A) with a 'peligro' hazard label and H5, S1, E1 hazard codes; '1/11' (Building A) with a 'Sin' hazard label and H1, S1, E1 hazard codes; and 'Propylene Glycol' (Building A) with H1, S1, E1 hazard codes. Below this section, there is a message: 'Already have the PDF-file of the Safety Data Sheet you want to add to your library?'. It states: 'You can also add the Safety Data Sheet to your library by simply uploading the PDF-file.' Below this message is a large blue box containing a red-bordered area with the text 'Drop your PDF, ZIP or RAR files here' and a 'Browse File' button.

Next open the SDS Detail page and you will find the SDS_ID at the bottom of the window.

Miscellaneous

SECTION 16: Other information

13726109-42966310

Use the SDS_ID when searching for the SDS in SDS Manager Authoring tool.

The screenshot shows the SDS Manager Authoring tool interface. On the left, there's a sidebar with 'Our SDSs' and a table listing various products. The main area displays a 'Select SDS to import' dialog box. The dialog box has a search bar with '13726109' entered. Below the search bar, there's a table with columns: Name, Supplier name, Revision date, Regulations covered, and Language. The table shows one result: 'STP Engine Oil Stop Leak + No Smoke' by 'Energizer Manufacturing, Inc' with a revision date of '2024-07-29', 'US' regulations, and 'Spanish' language. A red arrow points to the 'Language' column header.

Name	Supplier name	Revision date	Regulations covered	Language
STP Engine Oil Stop Leak + No Smoke	Energizer Manufacturing, Inc	2024-07-29	US	Spanish
