## List SDS in my library that contain hazardous substances - which regulatory restricted lists are checked?

On the [Hazardous substances page](#) (require login) in SDS Manager, you can see what SDS contain components that are listed on restricted lists.

Currently, the following lists are supported:

ZDHC  
GADSL  
GLAPS

### United States

California Hazardous Substances List  
CalSAFER  
EPA Clean Air Act List of Hazardous Air Pollutants  
EPA Drinking Water Contaminant Candidate List  
EPA RMP List  
OSHA List of Highly Hazardous Chemicals, Toxics and Reactive Prop 65  
Z-1 Table OSHA  
Pennsylvania Hazardous Substance List  
Toxic Substances Control Act (TSCA) Inventory  
Z-2 Table OSHA  
CERS Data Registry List  
Z-3 Table OSHA

### Canada

CA toxic substances

### Switzerland

MAK-Werte  
Anhang\_7\_Chem  
Anhanh\_3\_Chem  
BAT-Werte

### European Union

REACH Annex IV Submitted Recommendations  
REACH Annex XVII  
REACH Authorisation list  
ECHA Candidate list  
ROHS restricted sub  
SIN List\*  
REACH restricted

## Daily use

When any of the regulatory lists contain a CAS# that is present in an SDS in your library, the SDS will be listed and the CAS# will be shown together with the concentration of the component in the product.

You can also export the list of products from the hazardous substances list to an Excel file.

On the [settings page \(require login\)](#) you can set which regulations are relevant for you
