

# Daily use

## How can i know who added or updated an SDS in our SDS library?

On the [All Our SDS](#) page you can now filter your SDS by user that updated them.

The screenshot displays the SDS Manager interface. On the left sidebar, the 'All Our SDS' option is highlighted with a red box. The main content area, titled 'All Our SDS', features several filter dropdowns: 'Search for SDS', 'Filter by CAS# in c...', 'All Locations', 'SDS status' (set to 'Only list SDS in use'), 'Approval Status' (set to 'All'), 'Supplier', 'Revision date', 'Risk assessment' (set to 'All'), 'Hazard statements', 'GHS pictograms', 'Custom Fields' (with a '+' icon), 'Presence of Product', 'Language' (set to 'All'), 'Updated By' (highlighted with a red box), 'External System Id Presence' (set to 'All'), and 'Amount stored'. A 'Bulk Action' dropdown is also visible on the right. The top navigation bar includes the SDS Manager logo, a search bar, and user profile icons.
