Add SDS to our new library

How can I add an SDS to multiple locations in one operation?

From our [Global search page (require login)](#) and [All Our SDS (require login)](#) you can add an SDS to multiple locations in one operation as shown in the below image by multi selecting locations.

On [All our SDS](#) (require login) you can add an SDS already in your library to multiple locations at the same time. See the steps in the image below:
