

Kuidas hoida meie ohutuskaarditeeki ajakohasena

Minu tarnija saatis mulle uue uuendatud ohutuskaardi

Tarnijad saadavad mõnikord oma klientidele uuendatud ohutuskaarte toodete kohta, mida nad on ostnud.

Kui saate uue ohutuskaardi, näiteks e-posti teel, otsige esmalt [oma praegust ohutuskaarti](#) (vajab sisselogimist) ja valige "Asenda uue ohutuskaardiga".

The screenshot shows the SDS Manager interface. At the top, there is a header with a QR code and a message: "All my SDSs - where your employees find SDS for products they are using." Below this is a search bar and a table of SDS entries. The table has columns: Product Name, Supplier Name, Location, Signal word, Pictograms & Controls, Substance hazard, and Actions. The first row shows "1,2-Dimethoxyethane" from "ICI AMERICA" with a "Danger" signal word. The second row shows "1,2-Dimethoxyethane" from "Sigma-Aldrich Inc" with a "Danger" signal word. The third row shows "1,2-Dimethoxyethane" from "Fisher Scientific UK" with a "Danger" signal word. The fourth row shows "1,2-Dimethoxyethane" from "Merck Life Science UK Limited" with a "Danger" signal word. A context menu is open for the first row, showing options like "Move SDS", "Log presence of product", "Create risk evaluation", "Move to archive", "Hide from Non-admin", "Safety information summary", "Replace with new SDS" (highlighted), "Edit SDS information", "Add EAN code", "Add attachment", and "Mark product as discontinued".

Product Name ↑	Supplier Name	Location	Signal word	Pictograms & Controls	Substance hazard	Actions
1,2-Dimethoxyethane	ICI AMERICA	Test 31	Danger	[Pictograms]	H4, S1, E5	[Actions]
