

Meie ohutuskaardi failide migreerimine SDS Manager

Kuidas ma migreerin meie praeguse ohutusandmete lehtede kausta SDS Manager?

Kui teil on juba iga asukoha jaoks ohutusandmete lehtede kaustad, saate lihtsalt üles laadida ohutusandmete lehtede kausta faili meie SDS Inventory Manager. Me loeme automaatselt teie imporditud PDF-i ja tuvastame, millised ohutusandmete lehed on failis, ning lisame need automaatselt asukohta.

Selle meetodi abil saate täita oma SDS Inventory Manager tuhandete ohutusandmete lehtedega mõne minutiga. Ainus nõue on, et teil peab olema iga asukoha jaoks oma ohutusandmete lehtede kaust.

Product, Supplier, CAS#, UFI#, EU No.

Already have the PDF-file of the Safety Data Sheet you want to add to your library?

You can also add the Safety Data Sheet to your library by simply uploading the PDF-file.

Drag and drop

Browse File

Show other methods to add Safety Data Sheets to location

UPLOAD FROM URL

I know the URL where the Safety Data Sheet can be downloaded from the internet.

MANUALLY ENTER PRODUCT

I cannot find any Safety Data Sheet file for my product. Until I get the Safety Data Sheet file, I want to store all the product information I know. The Safety Data Sheet file can be added later.

IMPORT SDS-BINDER

I have a PDF-SDS Binder with all Safety Data Sheets I want to import to this location.

IMPORT ZIP-FILE

I have all Safety data sheet files for this location in a folder on my PC. I have compressed the folder to a zip file and want to import them to this location.
